

Good day!

As some of you may be aware, I have been working on accumulating student speech examples for the online course and would like to include your student speeches. I am interested in an example of a good group presentation, a narrative speech, process speech, career speech, a persuasive speech following Monroe's Motivated Sequence or any other type of speech you would like to see included as a student speech sample for in-class or online learning.

The speeches are recorded at the West Campus studio and the student will need to provide his or her own transportation. There is no compensation for participation however, I provide my students with extra credit points. The recording date is set for Tuesday, November 18 from 12:30 pm until finished (the time of day can be moved up if needed).

Once a student is selected I will need the e-mail address so I can provide the student with details about the studio session. Additionally, I will need an electronic copy (Microsoft Word please) of the student/group outline to accompany the speech. If PowerPoint will be used in the speech I will need an electronic copy of the PowerPoint by Monday, November 3, as additional set-up is required.

I would appreciate a list of participating student names, crn, and e-mail addresses by Monday, November 3, 2008.

Please let me know if you have any questions and thank you in advance for your contribution to this project!
