

Addendum to the syllabus for MAC 2312 spring term 2007
Instructor: Kurt Overhiser

This content of this addendum super cedes and replaces the Course Grade and Evaluation section of the syllabus.

Grades will be based on four unit tests, daily HW and quizzes, and a comprehensive final exam. The unit tests will count 100 points each. The daily HW and quizzes will count 150 points. The final exam will count 200 points. This makes a total of 750 points possible for the course. The grade breakdown is as follows: 90 -100% of the total course points will earn an A, 80 - 89% of the total course points will earn a B, 70 - 79% of the total course points will earn a C, 60 - 69% of the total course points will earn a D, and less than 60% of the total course points will earn an F.
