

Exp #2
CHM 1045

Important info

Make sure that you label each testtube so you don't get confused which is which!

1. We have well plates as well as small testubes, it is your choice.
2. Five known solutions are NaCl, Na₂CO₃, MgSO₄, NH₄Cl, H₂O
4. Your unknown has to be one of the known solutions from part 2

We will not be doing part B

Pre-lab Questions To Do (remember to have them done before lab!)
2, 3, 5, 6

Post-lab Questions To Do
4, 5, 6
