

Name the following.

Draw the following

- 1-Isopropyl-2,3,4,5,6-pentamethylbenzene
- 2,4-Dibromoaniline
- p-Nitrobenzaldehyde
- 2,3,4-Trichlorobenzaldehyde
- 3-Sec-butyl-2-isopropylstyrene

Is the following aromatic

Answers:

Name the following:

a) p-Dimethylbenzene

b) ~~5-Bromo-2-phenylhexane~~

c) 2-Ethyl-4,6-diisopropyl-3-methylaniline

d) ~~Bibenzyl or 1,2-diphenylethane~~

e) 4-sec-butyl-3-methylstyrene

Draw the following:

Are the following aromatic?

1) No, the double bonds are not alternating.

2) No, the double bonds are not alternating.

3) No, the double bonds are not alternating.
