

Clearing Data in Your Calculator

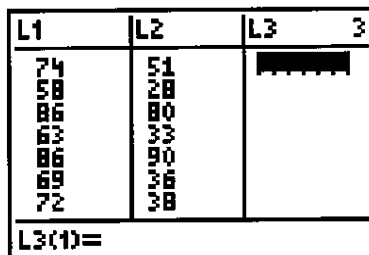

If there is data in your lists that needs to be removed, follow the following steps.

Select the **STAT** button, screen 1 should appear.

Select **EDIT**, screen 2 should appear.

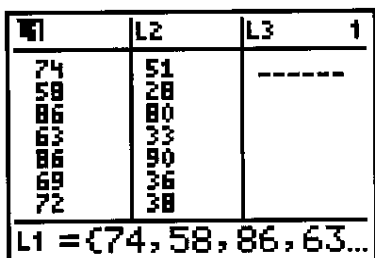

Screen 1

Screen 2

To clear L1 move “cursor” over to the L1 column and then arrow up so L1 becomes highlighted as shown below in Screen 3. Then press **CLEAR** then the **ARROW DOWN** button.

Screen 3

To clear the other lists follow the same steps above for clearing L1 and replace L1 with the name of the other list.
